This proof document supersedes all prior proof versions, quotes, purchase orders, emails, verbal directions, digital files, physical samples, mockups, and any other written or verbal communications. Dieline templates and markings are for placement reference only and will not appear on your final product. Placement may slightly shift due to manufacturing tolerances. Consult our template instructions for die-line manufacturing tolerances. This summary's color accuracy is not guaranteed. Many factors effect appearance such as computer monitor settings, lighting etc. Do not use for color matching. If you need specific a specific color matched, please provide the PMS pantone color code before approving proofs. We do not proofread files for grammar, spelling, or layout errors. The correct copy is your responsibility. We do not test for UPC/QR code readability or scanability – you must verify they work as intended prior to file submission. Signed and approved proofs are final and will be sent to production. Errors found post printing, after signed proof approval will not warrant grounds for a refund. Signed proofs are your final opportunity to make changes. Ensure everything is correct before signing off. Contact CannaZip customer support if any changes are needed. Signing this proof designates your acceptance of [CannaZip's terms and conditions](#). Please note that orders through our Rapid Production Program will print in 12 hours if the proof has not been approved or rejected.
